Wesleyan College

A COLLEGE IS . . .

- a spot on the map
- a place
- a teacher
- a student
- a book
- a class

But most of all and all inclusive  
A college is a spirit, not just any spirit,  
but a special, distinctive spirit –  
a spirit of many moods  
of many extensions  
of many depths.

The spirit that is college is many things –  
some good,  
some bad,  
some mediocre

it is potential  
growth  
achievement

it is lethargy  
indifference  
blindness

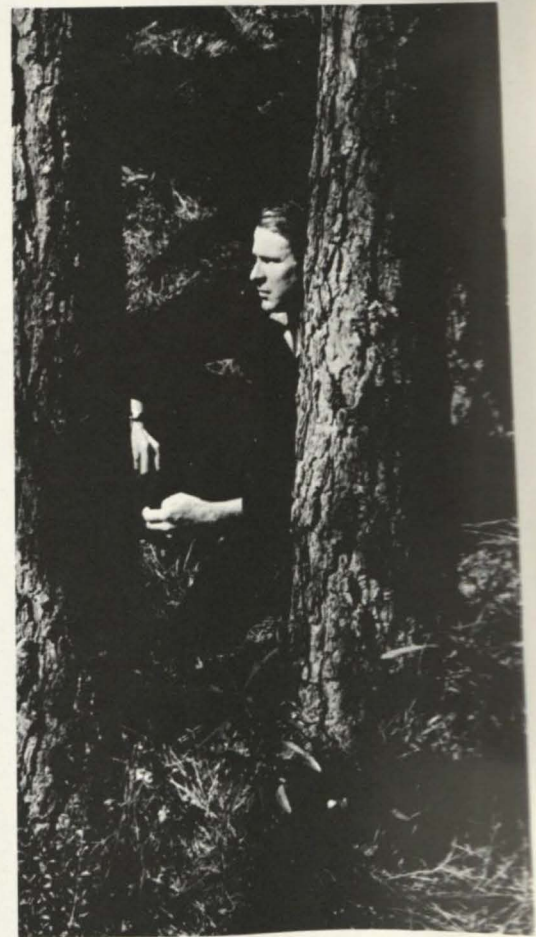

It is the chance to be a community  
to experience dialogue  
to educate oneself, in people  
It is also the chance to isolate oneself . . .

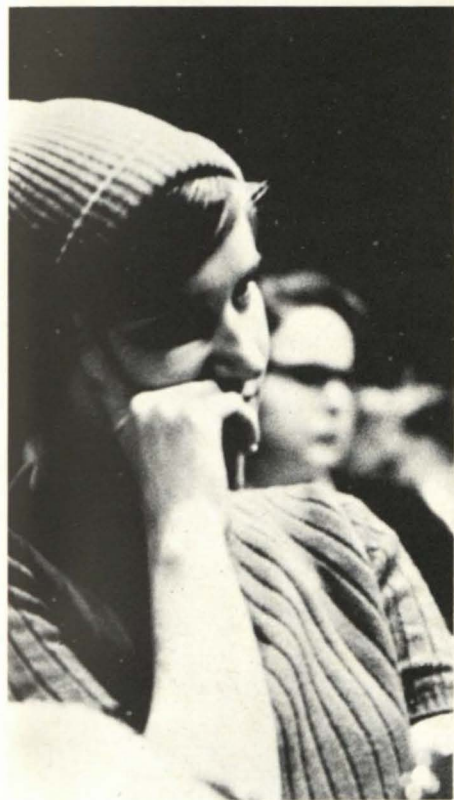

it is curiosity  
exploration  
knowledge  
it is pressure  
dissatisfaction  
disillusionment

VITALITY  
AFFIRMATION!

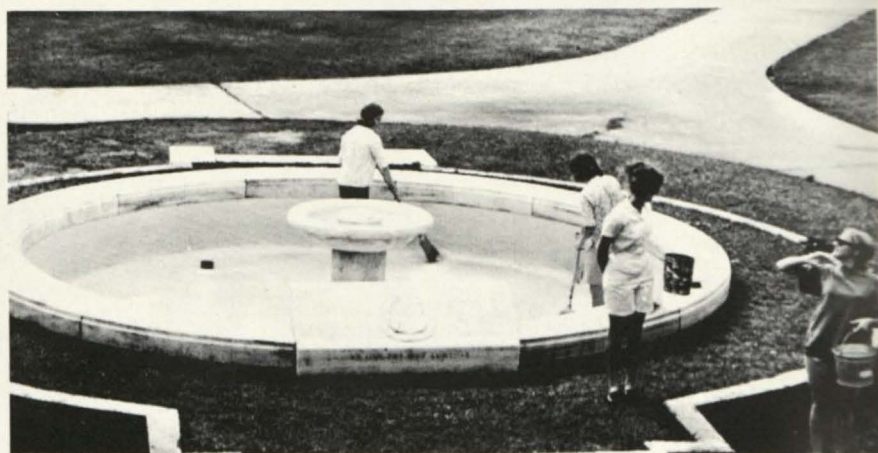

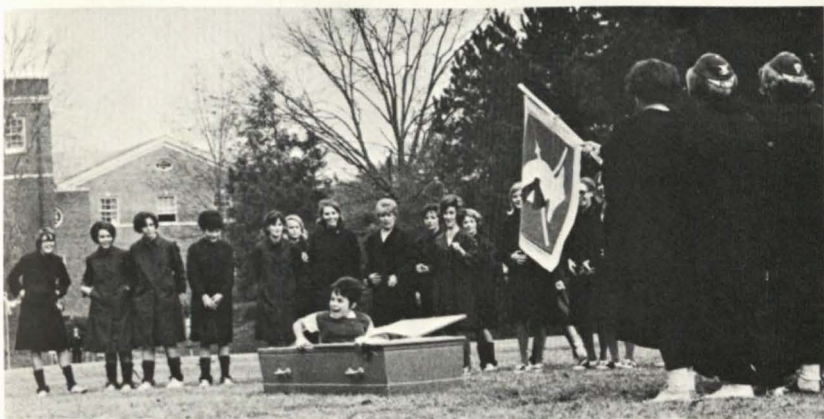

Descriptions of spirit could go on for as long as there are words. But words in themselves are not adequate. There are those parts of our college life that are undefinable and indescribable. Thus it is the task of **Veterropt 1967** to explore...

. . . THE SPIRIT THAT IS WESLEYAN . . .

## Dedication

To you —

because you know much of life, and because you attempt to pass on to us the fruit of your knowledge —

because you give so unselfishly and unceasingly of your time — for us in particular — and for the college as a whole —

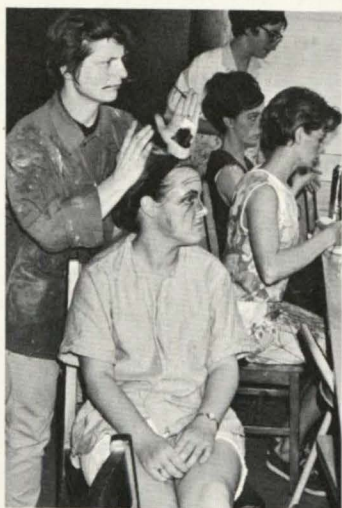

because you care about us —

because you demand from us more and better things than those we had thought to be within our own capabilities —

because you are aware of the fact that each one of us is a person, a unique individual, and because you have honored us as such —

We, as people, as Wesleyannes, as the Golden Heart Class of 1967, wish to express to you our deepfelt appreciation and our love, by the dedication of the 1967 Vetteropt.

## PRESIDENT

During Dr. Strickland's seven years as president of Wesleyan, there have been many innovations and additions. New facilities include Hightower Dormitory, the art building, the recreation room and snack bar, and the language laboratory. In addition to these changes the dining rooms were air-conditioned along with Taylor Hall, four new tennis courts were constructed and the old ones resurfaced, the Manget Dining Room was redecorated, and an antiphonal organ was added to the Candler pipe organ. There has been a thirty-seven per-cent enrollment increase and a ninety per-cent increase in the total college budget since 1960. Each year academic qualifications have been raised. Further expansion includes a new dormitory and the Lucy Lester Willet Library which was begun this year. Also, under Dr. Strickland's administration, greater responsibility has been given to the student body in governing and regulating its action.

Working closely with Dr. Strickland, Mr. Huckabee plans for and initiates development of new facilities. Dr. James, as Academic Dean, works in close association with the faculty and students of the college.

## ADMINISTRATION

Besides handling admissions to the college, Mr. Sanders contributes his time, effort, and enthusiasm to campus activities and student guidance. As chaplain of Wesleyan, Dr. Brown arranges chapel programs which are aimed at creating within the students a greater awareness of every aspect of religious life and attempts to help each student adjust to campus life. Dean Lawter devotes her time and interest to the academic and personal needs of Wesleyannes through individual contact and group effort. In charge of grants, loans, and other forms of financial assistance, Miss Domingos is responsible for providing many Wesleyannes with the opportunity to attend and to graduate from Wesleyan.

As registrar, Miss Winn has the difficult job of keeping each student's record organized and seeing that grades are reported and recorded at mid-semester as well as at the end of each semester. Among Mr. Peden's diverse responsibilities are handling student accounts and bills, dealing with financial problems, and advising student organizations about the legal aspects of contracts. Wesleyan continues to expand through publicity conducted by Mrs. Eschmann. As a result of her work, Wesleyan and her students continue to be known throughout Georgia and the Southeast.

## LIBRARY STAFF

Since 1928, Wesleyan students have enjoyed the Candler Memorial Library with its collection of over 64,000 volumes. However, a groundbreaking ceremony on February 23, 1967, marked the actual beginning of the construction of the new Wesleyan library to be located beside the Candler Memorial and across from Tate Hall.

The new construction will be known as Willet Memorial Library in memory of Mrs. Lucy Lester Willet, an 1881 graduate of Wesleyan and an outstanding leader in cultural and educational activities in Georgia. Her son, Mr. Hugh Willet, of Atlanta, is chief benefactor of the new building.

Willet Memorial Library will be a three-story structure with a capacity of 125,000 volumes. Similar to other Wesleyan buildings, Willet Library will be of traditional Georgian design with a modern interior.

One of the more important additions will be individual study carrels. There will also be a smoking room, carpeting, seminar rooms, and facilities available for use of microfilms and recordings.

Candler Library will be used for administrative offices, and the largest reading room will become a museum sponsored by the Wesleyan Alumni Association, housing two murals depicting early scenes of Georgia.

Students find the library a quiet place to study.

## ART

Wesleyan's Art Department offers many modern facilities and conveniences for the use of art students. The department has three primary purposes. The first is to stimulate a greater interest and understanding of the visual arts through classes and studio work as well as art exhibitions brought to Wesleyan. A program in the History of Art is offered in the liberal arts studies, and programs of art specialization include paintings, sculpture, graphics, ceramics, commercial art, and art education. Each year students exhibit their work in the East Gallery of the auditorium where they put their "works of art" on sale.

Art History majors, Jeanclaire Padgett and Susie Swartz.

Around the press with Mr. Malone are art majors Bobie Dunn, Lisa Bonner, Mary Ann McFetridge, Doris Hein, and Judy Wilhelm.

Art major Dot Ogden works hard on a printing project.

# AMERICAN STUDIES

The American Studies major is an inter-departmental study of the total American life. The department has concentrated this year on the American frontier. Dr. Leah Strong as chairman of the Lamar Lecture Series was responsible for the visit of MacKinley Cantor, the entertaining author of *Andersonville*. Dr. Strong also published her book *Joseph Hopkins Twichell, Mark Twain's Friend and Pastor*. The Mark Twain House in Hartford, Connecticut, was the site of a reception given in her honor in February by the Mark Twain Society.

Dr. Strong chats with her majors Lynda Andrews and Sally Griffie.

Home-Ec major Jeannie Nabell tries to create a new outfit.

# HOME ECONOMICS

The program in our Home Economics Department at Wesleyan is designed to provide for the student knowledge and training in all areas of this field. Courses concerning clothing, foods and nutrition, management of family resources, and child development and care are open to all students as well as to majors in general home economics.

MRS. GEORGE PHILLIPS

# ENGLISH

This year the English Department, under the chairmanship of Mr. Arch Beckelheimer, was one of the largest on campus with English majors numbering seventeen. Courses in English Novel, Romantic Poetry, Children's Literature, Advanced Composition, and others provide students an excellent opportunity for advanced study in English. Two new faculty members were added: Mrs. Thomas Bass and Miss Mary Jones. Mrs. Bass received her A.B. from Agnes Scott and her M.A. from Vanderbilt University. Miss Jones, who keeps her students fascinated by her vast knowledge of the Authurian Legend, received her A.B. from Downes College, and an M.A. from the University of Missouri where she is presently a candidate for a Ph.D.

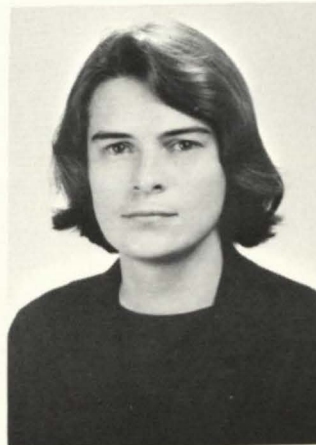

This year Mr. Beckelheimer joined Miss Munck in serving as faculty advisor to *The Wesleyan Magazine*, and Miss Coulbourn assumed her new role as advisor to Crown and Sceptor.

## HISTORY-GOVERNMENT

Mr. Hubbell giving a "chalk-talk" in 101

Under the chairmanship of Dr. Orville Taylor, the History Department provides opportunities for those who wish to major in history or history-government and for those who wish to make a study of a particular time and place as it relates to their main area of emphasis. The wide variety of courses offered in history emphasized the culture and institutions of Europe and America because of their rich and wide tradition. This year the department added to its membership Mr. Michael Hubbell, and Dr. Taylor attended the American Historical Association meeting in New York City.

## PHYSICAL EDUCATION

The major change this year in the Physical Education Department which is headed by Mrs. Schafer was the use of motor ability tests in placing students in special sections. The department also sponsored the fourth annual meeting of Student Leaders of Georgia with its theme, "Focus on Health." The two clinics held were concerned with drown-proofing and lacrosse and were opened to any interested student. Each of the four physical education professors served as advisors to student organizations: Mrs. Schafer, A.A.; Mrs. Lister, *Veterropt* and Golf Club; Miss Leighton, Naiads; and Miss Oosthoek, Y. ## PSYCHOLOGY

Understanding of self and of others is a primary goal of this department which is designed to be of benefit to all areas of an individual's life. This year the majors participated in independent study and seminar on current problems related to areas of psychological research. These students went with the abnormal psychology classes to the Georgia State Hospital in Milledgeville to observe methods being used to treat the emotionally disturbed and mentally ill. One student presented a paper at the Georgia Psychology Association meeting along with Mr. Platt who presented a study which he had investigated. Dr. Murdoch is chairman of the Policy and Planning Council for the Georgia Psychology Association.

MR. HUGH H. PRATT

This department is concerned with the study of familial, political, and economic institutions and the relationship of these institutions to the search for solutions to human problems. A new addition to the department was assistant professor Mr. Pratt. Those students interested in sociology, a department consisting of twelve courses including economics, were advised by Mr. Scarborough and Dr. Hicks.

MISS JANE GARVEY

Three new professors joined the language faculty this year, Mrs. J. Wilbur Coggins, Miss Jane Garvey, and Mrs. Despina White.

Dr. Reindorp is currently experimenting with the audio-lingual method of teaching, in which the majority of the year is spent in oral practice. Lesson material, aimed at building grammar and vocabulary knowledge through sounds, is presented first on tapes played in lab. These exercises, compiled and recorded by Dr. Reindorp, are next drilled on in class. Writing is taken up last.

Dr. Sneary, official Fulbright advisor on campus, attended the Workshop on Foreign Study held at Georgia Tech in March; Miss Garvey, Dr. Sneary, and Mr. Wright attended the annual meeting of the South Atlantic Modern Languages Association.

While Speech is under the direction of Mrs. Hatfield and Theatre is directed by Dr. Ruys and Mr. McKinney, the two fields work very closely together. In addition to teaching regular classes, the department produces four plays each year, which are open to all students. The plays included *House of Bernarda Alba*, *Tartuffe*, *Murder without Men*, and *Ready When You Are, C.B.!* This year the directing class also produced *Everyman*.

## RELIGION AND PHILOSOPHY

The Religion and Philosophy Department, so vital to the spiritual and intellectual growth of all Wesley-annes, has undergone tremendous change this year. With the retirement of Dr. Akers, Dr. Brown became college chaplain and Dr. Edwards became chairman of the department. Two new faculty members joined the department: Mr. Gilmer came from Emory as our Old Testament specialist and Mr. Stroud came from the University of Denver to teach our philosophy courses. An every semester course in World Religions was instituted and a major rewriting of the curriculum added courses in Archaeology, Wisdom Literature, Existentialism, the Philosophy of Science, and the Philosophy of Religion.

This department is organized so that each professor is able to teach the courses in her area of concentration. New devices are now used in the department including an opaque projector for the observation of cell structure and activity and a more convenient cartridge projector.

## MUSIC

The Department of Music, the largest department on campus with eleven faculty members, offers two degrees: the Bachelor of Music degree with concentration in piano, organ, voice, church music, and music education (choral and instrumental emphasis); and the Bachelor of Arts degree with a major in music. The department serves the college as a whole by offering courses open to Liberal Arts students, by presenting faculty and student recitals, by bringing outstanding musicians to the campus for recitals and workshops, and by performing a definite role in the campus religious activities. The department of music also sponsors three major performing groups—the Glee Club, the Chapel Choir, and the Macon-Wesleyan Orchestra whose members are chosen by audition from the entire student body.

# EDUCATION

A major in education is the responsibility of the entire college. Students combine work in the department of education with work in other departments in varying proportions according to whether their interests are in elementary or secondary education, health and physical education, music, speech or art education. These different phases of the department were coordinated under the broad subject of education by Dr. Bledsoe, Dr. Bunger, Dr. Gray, and Dr. Bryant who instructed students in the latest teaching methods and developments in the field of education.

## MATH AND PHYSICAL SCIENCE

The courses offered by this department are supervised inquiries into the nature and methodology of mathematics and the major physical sciences. The student in this department has three areas of study to choose from—a general inquiry to acquaint one with information necessary for an intelligent citizen in a scientific culture, a broader and more intensive study into a particular discipline, and a major program in chemistry or mathematics. This year the chemistry division began modernizing through new equipment along with new laboratory facilities.

 innumerable trips by white-iced fountains . . .  
 golden ginko leaves . . .  
 coffee, bridge, Coke . . .

The yellow glow of street lamps . . .  
 chapel tickets . . .  
 sundecks . . .

Flaming sunsets by the lake . . .

 a Stunt cup . . .

Water-drops crystallized in curled magnolia leaves . . .

Three years have meant many changes and have brought the realization that we must be adult . . . and Wesleyan has become the place where we live. The longing to go home or just to get away is calmer now, not so demanding. No longer do we "make-do" with the days here, living in thoughts of Somewhere Else—we are more aware of time, and the days are important.

We have begun to work in earnest on our majors. The challenge of responsibilities and a future is serious now . . . and thrilling. But are we good enough? As big sisters to the new Purple Knights, we remember our freshman year, and we look at them. What can we do but point to the *other* PK's . . . and hope for guidance in guiding? What a thrill to win Stunt the way they did when we were freshmen! And to know a strange pride in losing all our soccer games.

We feel ourselves in transition, changing from followers to leaders. Why is it painful as well as exciting? No answers come easily; no changes come fast. So, as juniors at Wesleyan, we reach out for one year more in this place.

. . . AND IN 1966-67 the Tri-K's became sophomores. The Pirates were a much smaller class than they were before, having lost almost 38% of the class—but the feeling of sistership and class spirit had more than doubled. For the Tri-K's were out to prove themselves worthy of being RED-blooded Pirates.

During the year, traditions were kept that had been kept for years, yet the Pirates asked, "Why?" At the same time tradition was broken and the Tri-K's were asked by others, "Why?" Why?—The Tri-K's were out to prove themselves. In soccer, basketball, stunt, swimming and spirit the Tri-K's gave their best. The Basketball Cup was captured for the second year in a row and the Tri-K Stunt, "The Moon Shall Rise Again," took second place in the Stunt Night competition.

In this eye-opening year, the Tri-K's discovered even more what college is actually like. Four hands of bridge came into stiff competition with those two chapters of British Lit, most weekends were spent away, and Identification was frantically sought. The "Sophomore Slump" was experienced in full reality as majors were changed every week, decisions were made to either stay or transfer, and work sometimes piled to unbearable heights. Yet as the year drew to a close, the Sophomores were even more certain of what a "wonderful feeling it is to be a Tri-K."

The Purple Knights of 1970 will find many cherishable memories in their first year at Wesleyan. Besides their name, the PK's inherited the spirit and leadership of the leaving Seniors and were quick to adopt it as their own.

Orientation week, "Rat," and school parties all helped to make a class of the 230 new freshmen. The GK's, their Big Sisters, were always there to answer questions and give encouragement. Assemblies, first counseling sessions, and those long talks in dormitories late at night gave the PK's a deeper understanding as to the meaning of the traditions of Wesleyan.

Soccer, basketball, and stunt competition put hearts and heads together and gave the PK's that important class unity that will be with them for the rest of their lives.

Loyalty to their class and love for Wesleyan came only in a few short weeks. Wesleyannes at last, the PK's will add a little more to the history of the "oldest and best."

## STUDENT GOVERNMENT ASSOCIATION

The Student Government Association is the governing body of Wesleyan and is based on the Honor System of responsible freedom. All Wesleyannes are part of this governing system and are responsible for its success. The purpose of the Student Government is to regulate and implement all matters pertaining to the life of the students of Wesleyan College not under jurisdiction of the faculty; to increase a sense of individual responsibility; to look to the common good and welfare of each student; to secure the individual loyalty of the students and the greatest measure of cooperation between students and faculty, working always for the greater good of Wesleyan College.

Activities of SGA this year included the planning of Orientation Week, Honor Week, and the Christmas Banquet. Wesleyan was host to the 1967 Convention of the Southern Inter-Collegiate Association of Student Governments in April.

# YWCA

As one of the Big Four organizations of which each student at Wesleyan is a member, the YWCA recognizes the needs of students as individuals and as a part of the college community. The YWCA emphasizes through speakers at assemblies and various other activities throughout the year, the greater need for a more personal relationship with God.

The Y initiated numerous programs and projects, including chapel programs, convocations, and the New York Seminar. Wesleyan's annual Stunt Night is also coordinated by the Y to provide a scholarship for several Wesleyan students of the incoming senior class.

The members of the YWCA tried to make this organization most important in the lives of each individual student and their relationships with other people.

## SOCIAL STANDARDS

Social Standards is an organization created to govern and plan all social activities at Wesleyan. All students are members of this organization.

The purpose of Social Standards is to present and represent the Wesleyan ideal, and to encourage students to accept and apply this ideal to their personal code of conduct. In striving to accomplish this purpose, the Social Standards Board provides social activities, and suggests and sets standards for appropriate dress and behavior.

The many enjoyable and entertaining activities sponsored by Social Standards for the student body this year included Frosh Weekend, Homecoming, Rich's Christmas shopping trip, Last Fling parties, dress-up dinners, Charm Week, May Weekend, and Mid-Winter Weekend. The planned weekends of Homecoming and May featured the presentation of a queen and her court selected by the Student Body. During Charm Week, a Miss Charming was also selected by and presented to the student body at Mid-Winter Weekend. These events were complimented with the entertainment of dances and concerts.

## ATHLETIC ASSOCIATION

The Wesleyan Athletic Association is designed to govern all athletic activities of which every Wesleyanne is a member.

The purpose of the Athletic Association is to give every student an opportunity to participate in a variety of organized activities, both team and individual. In all competitive activities, emphasis is placed on the benefits to the individual participants rather than on winning championships.

The Athletic Association sponsored many major events this year including soccer, basketball, swimming, softball, volleyball, Naiads, tournaments, Splinters, "W" Club, the Halloween Picnic, and the Soccer Play Day on December 3. They also set up many minor tournaments in archery, pool, badminton, bridge, checkers, fencing, golf, tennis, and table tennis.

It is distributed to the students, trustees, faculty, parents, and staff of the college. The T & C promotes college spirit, supports school events, and encourages good standards of journalism.

## VETERROPT

### Veterrimus Et Optimus

They may not have the oldest annual in print, but the *Veterropt* staff can honestly say they have one of the best. The '65-'66 edition was given an "All-American" rating by the Associated Collegiate Press, and after receiving the evaluation, this year's staff determined to produce a book even better than the best.

And so the work began . . . Scheduling pictures, drawing layouts, writing copy, typing, proofreading, often working all night in an effort to "make that deadline," the editors and staff strove to capture in picture and print the people, events, and emotions that have made the year '66-'67 memorable.

## GLEE CLUB

One of the noted features of Wesleyan is the college Glee Club. Under the direction of Dr. Leon J. Villard, the Glee Club presented several concerts to the students. One of the highlights of the year was the trip to Sewanee, for which the members practiced many long hours in preparation.

*Above* Dr. Villard *below* Members leave to sing at Sewanee.

## WASHBOARD BAND

One of the newest of Wesleyan's traditions, the Washboard Band, which specializes in popular music, performs for the students and for clubs and fraternities throughout Macon. The band is noted for its novel instruments. Its six members, representing all the classes, are selected by audition.

Members: Judy Floyd, Helen Neal, Emmaline Haddle, Lee Langdale, Melody Wilson, Anne Plapinger

## WESLEYANNES

This choral ensemble, which is part of the Glee Club, is noted for the charm, personality, and talent exhibited by each of the girls. Membership in this group is highly competitive and the girls are selected through audition. This group specializes in novelty songs and music from top Broadway shows. They also provide entertainment for various civic organizations in the middle Georgia area during the year.

# NAIADS

Naiads is an interest club for a select group of experienced and talented swimmers. Members are chosen by competitive tryouts and further their swimming ability by developing synchronized swimming skills and stunts.

Each year Naiads sponsors two public performances. In the fall, they present a demonstration of swimming skills, and techniques, and the following spring, they present their annual two-day show.

Land Crew: Kat Landis, Jenny Kopp, Kit King, Jane Thompson.

## GOLF CLUB

The Golf Club, now in its second year on campus, is an organization open to all interested amateurs who wish to improve their scores while enjoying the game of golf. Tournaments are sponsored on the Wesleyan green, and several of the members plan to attend the Masters in Augusta later in the spring.

## "W" CLUB

The Wesleyan "W" Club is an honorary athletic organization which included members who have earned an accumulation of 500 athletic points during one school year. Wesleyannes have an opportunity to earn the required points by participating in the various athletic events held throughout the school year.

## CANTERBURY CLUB

In a hemisphere where religion plays a vital part in the lives of students, the Canterbury Club strives to bring the Episcopalians of Wesleyan to a closer relationship with the Episcopal churches in Macon. This club provides speakers and other programs for monthly meetings.

## WESLEY FELLOWSHIP

Combining worship programs and worthwhile projects, Wesley Fellowship stresses the importance of participation in religious activities in order to obtain a full, purposeful life. On Sunday evenings informal group discussions of current points of interest in the religious world were held in the home of Dr. Edwards of the religion department.

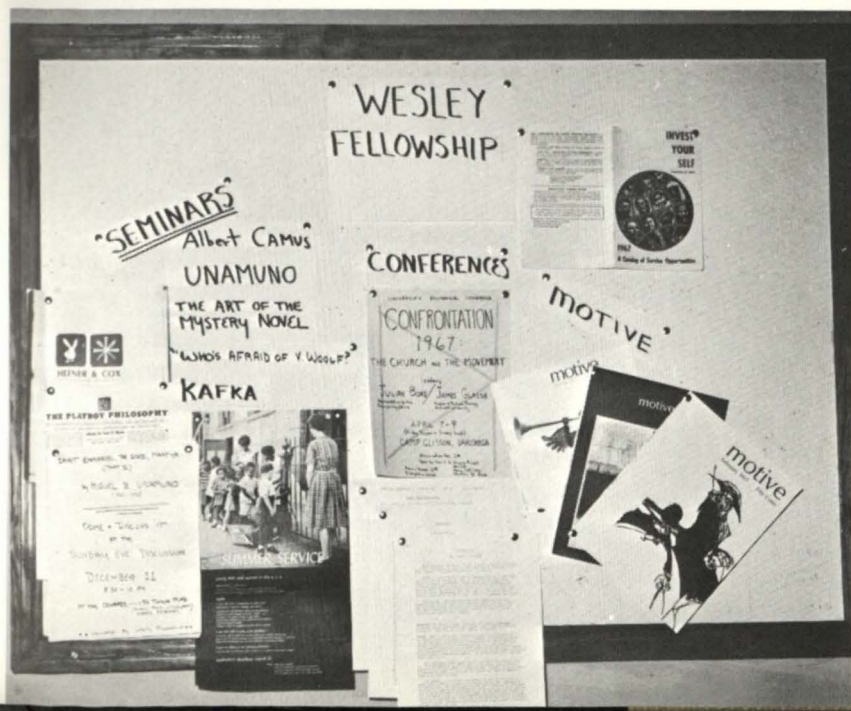

## BSU

The Baptist Student Union was organized to promote better understanding between Baptists of the student body. This organization stressed the importance of a close relationship that each student can have with Christ.

BSU Officers: Jana Witham, President; Nancy Lowe, Y Representative; Suzanne Woodham, Secretary-Treasurer; Carolyn Dickson, Program Chairman.

## HISTORY- GOVERNMENT CLUB

The History-Government Club is organized chiefly to study historical and current events in the fields of history and government. Membership is open to history and government majors as well as other interested students.

The purposes of the History-Government Club are to promote the understanding of international relations, to encourage active participation in governmental affairs, and to participate in historical research.

In striving to achieve these goals, the club has sponsored programs during the year presenting information on Alaska, Africa, Latin American relations, the Peace Corps in Iran, and the history of Macon.

## YOUNG REPUBLICANS

The Young Republicans were established to promote the platform and the candidates of the Republican party. Their support was on all levels—local, state, and national. They strove to maintain enthusiasm and spirit in their participation.

## MENC

The Music Educator's National Conference attempts to present to its members a practical approach to music education. Through the use of the media of film, concert, and speaker, MENC presents information to those women at Wesleyan who are interested in the field. This year Dr. Brown and Dr. Ruys lectured on the relationship between their respective departments and music. Also, Dr. Goldsmith of the Milledgeville State Hospital spoke on music therapy.

## HOME ECONOMICS CLUB

The Home Economics Club develops and furthers the interest of both majors and non-majors in programs and projects on the many different fields of home economics. This year the club has sponsored monthly programs centered around the theme "Girl on the Go." They also sponsored the Christmas Faculty Tea, the Spring Fashion show, and the decoration of the Club "Room."

## SNEA

Being the student chapter of the Education Association of the nation and the state of Georgia, the Student National Education Association at Wesleyan provides a stabilizing background for future teachers who leave the campus. Programs are presented during the year to create continued interest in the education curriculum. The attempt to make known to prospective teachers problems and awards of their profession is obtained through lectures, slides and group participation.

## ART CLUB

Struggling to its feet for the first time this year, the Art Club made a firm stand and contributed to the overall effectiveness of the college community. It added enthusiasm and eye-catching color and life to the campus. The club with its "noviceness" had the courage to attempt a new tradition at Wesleyan. Through its evening sketch classes and sales of original art work, the club attained its goal—stimulation of interest in art.

Officers: Secretary Susie Swartz, President Ann Zimmerman, Treasurer Dodie Hein

# ALPHA BETA CHI

Interest in the sciences is the main foundation for Alpha Beta Chi. Primarily established for science majors at Wesleyan, the club extends membership to all women seeking further knowledge of the pure sciences. The foremost endeavor of Alpha Beta Chi this year was striving for affiliation with the National Science Fraternity. The club's programs were thus centered around acceptance to this fraternity.

## PSYCHOLOGY CLUB

Operating as an official organization for the first time this year, the Psychology Club provides all students interested in delving more deeply into the area of human personality, an opportunity to investigate this growing science by the informal atmosphere of a monthly dinner-lecture, demonstrations by experts, and participation in community projects.

## PARDON OUR PIT-I-FUL PLIGHT

The Purple Knights' first Stunt was set in ancient Greece, around an ageless problem—the search for a perfect teacher, the one who is honest and sincere. The teacher is never found, although “it won’t be today, but maybe tomorrow, or maybe in a thousand years.”

Freshman Stunt Committee: Margaret MacKenzie, Molly Lee, Emoryette McDonald, Linda Dixon, Jan Bull, Brenda Witham (chairman)

## OUR FAIR LADY

The Tri-K Stunt landed on the moon, with a satire evolving around the Viet Nameese War and Twentieth Century political figures. The Sophomores' Stunt placed second at the "summit conference."

Sophomore Stunt Committee:  
Susan Lutters, Gloria Garrett, Susan Isaacs, Jan Stewart, Emmaline Haddle (chairman)

## SCALE SAFE

On Stunt Night, one could find the Green Knights in the depths of the "deep blue sea" with their Stunt Cup and their satire on pollution. The Juniors were united in their first Stunt victory.

Junior Stunt Committee: Gayle Clark (chairman), Betty Smith, Pris Gautier, Beverly Hartsook, and Nancy McCowell

## TO MARKET, TO MARKET

And that's where they went—to a market place in old-world Europe with modern politics and a U.S. Bull. The satire on the Common "Stock" Market ended the Golden Hearts' senior year.

Senior Stunt Committee: Judy Ragland, Alexis Xides (chairman), Susan Rau, Dodie Hein, Karen Moore, Susan Cooke, Ann Zimmerman

## SOCCER

As fall nips the air and Homecoming draws near, Wesleyannes turn their attention toward the annual interclass soccer tournament, a favorite tradition.

This year, the Golden Hearts earned the privilege of having their name engraved on the soccer cup by adding an undefeated season to their previous record of two ties, giving them three successive winning seasons.

## BASKETBALL

Excitement, class spirit, good sportsmanship, and a great deal of hard work are all characteristics of the annual basketball tournament held as a winter activity at Wesleyan.

The four classes meet each other on the hard court and the class winning the most games wins the basketball cup. For the second year straight the Tri-K Pirates waged an undefeated season and retained possession of the cup.

WE REMEMBER . . . Freshman orientation . . . Registration . . . "How do you pronounce l-o-g-g-i-a?" . . . "What does he mean, 'English 101, closed?'" . . . discovery—of what it means to be a sister, big or little . . . of what it means to be a Purple Knight . . . even at 4:30 A.M., and by torchlight . . . a host of events with a myriad of meanings . . . some bewildering, some tiring—some frightening and dramatic, some enlightening . . . all different . . . all Wesleyan . . .

Fall . . . Convocation . . . people . . . SENIORS—in caps and gowns . . . for some, the realization, the impact, that “this is it” . . . A feeling of wonder for some that fades into the familiar normalcy of classes, of chimes, of wet sidewalks, of meals with milk or tea or punch AND coffee . . . a routine, but a very special routine, with all kinds of special meanings . . . this is the place . . .

It's soccer practice time . . . and practice teachers find it impossible to believe the number of new people on this campus . . . But practice teachers are also awed by the amount of energy it takes to get through a day with 150 students . . . we wonder how our professors manage with us as students . . . and freshmen experience a theme-a-week-itis . . . And we see the yellow of the ginko leaves as we feel the excitement of soccer, whether for the first or last of four seasons . . . We play hard, hoping for the coveted cup . . . but we work too, as mid-semester take their toll of late nights and endless cups of coffee . . . and we wonder where those two months went . . .

Homecoming brings excitement . . . and we wonder how we thought we had been busy before—as loggia decorations go up and soccer entrances are planned . . . Many feelings thrill us as we welcome the P.K.'s of 1966 . . . as big sisters too long gone, as “mellifluous, inimitable, noble, valorous Purple Knights,” as seniors we wish we had known better . . . and we crown our queen in formal dignity, wondering again at ourselves, in this place, in this time . . .

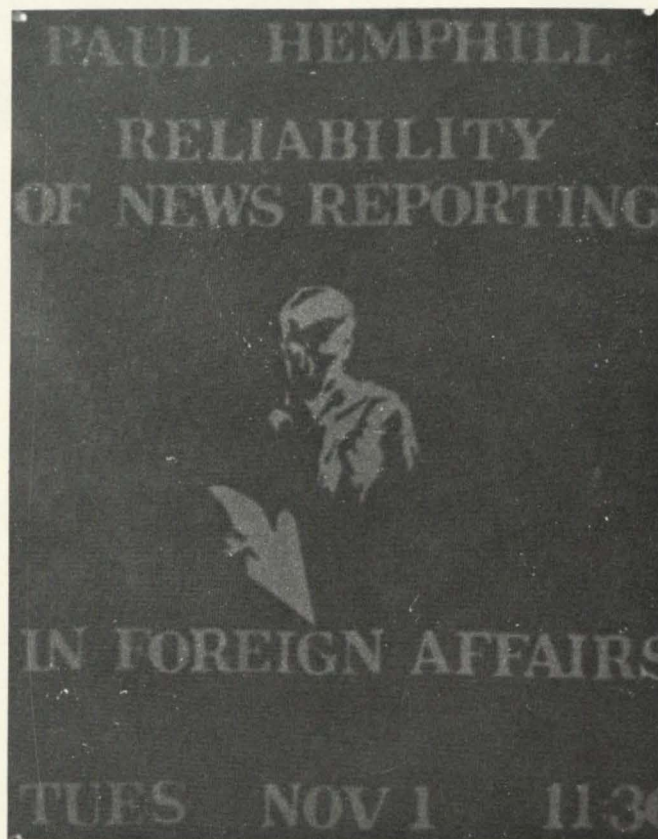

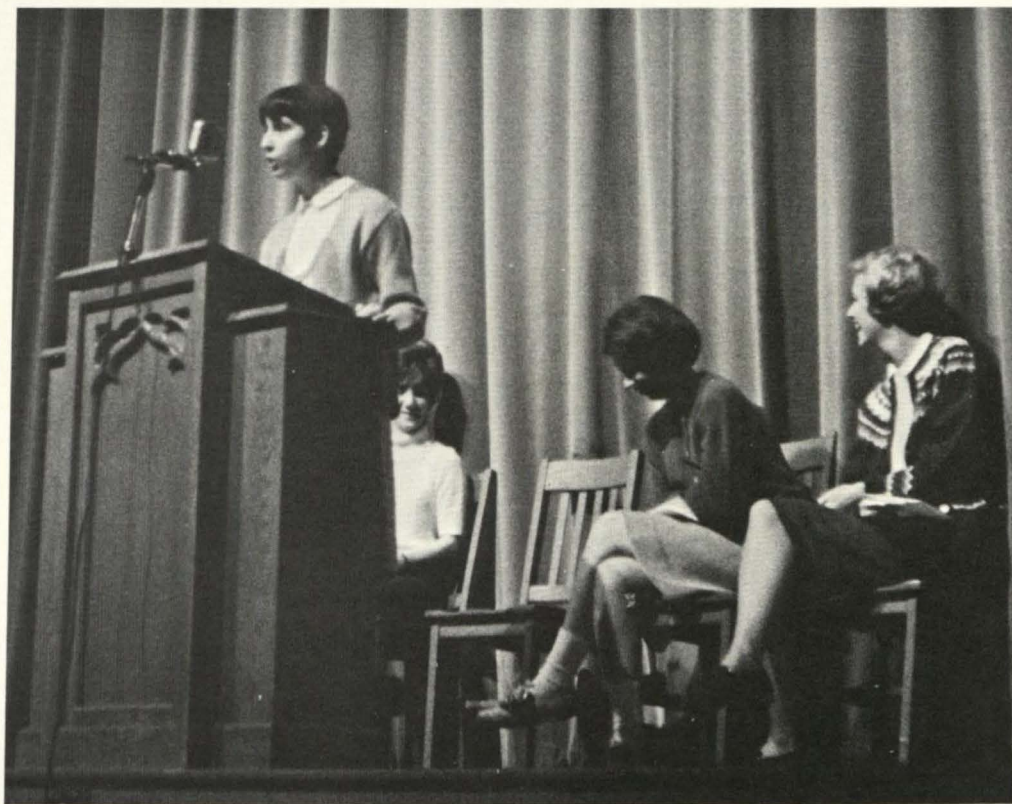

and then we're home for Thanksgiving . . . We're back again tapping new Splinters, electing freshman Big Four representatives . . . settling down to study . . . for a while at least . . . until the season changes . . .

and it's Christmas . . . Parties pile on top of banquets crowding into meetings . . . Sisters, big and little, share a few quiet, hectic moments; beautifully, the Glee Club gives us a gift both new and old . . . Hilariously, we cover rooms and doors and trees with gay decorations . . . Everything is run, laugh, and run some more. And yet, the season has its own very special joy, its own special peace . . . It is in the wonder of quiet voices raised in carols as we enter a candlelit meal together; it is in the small gift, the chance to say we love . . .

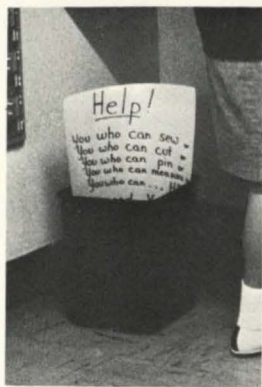

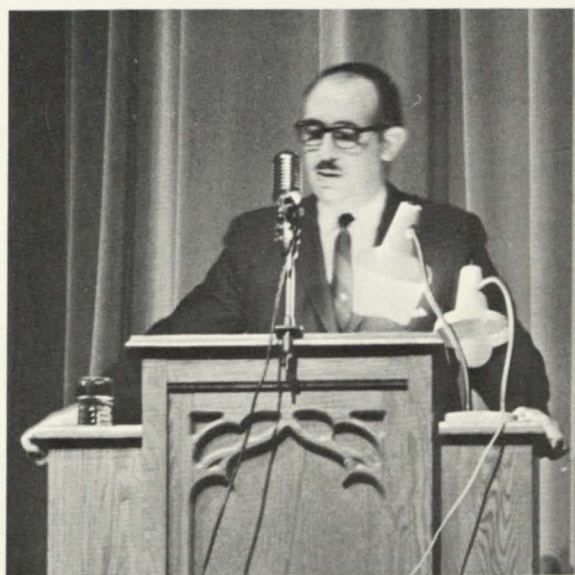

The New Year brings us back from an all-too short holiday . . . suddenly exams are upon us . . . with another Registration, and a revolt against "no sports-clothes at dinner?" . . . We take a short break . . . and return to begin again with a new enthusiasm for a new semester . . . a semester of work, of fun, of learning, of growing . . . We find ourselves challenged, and we respond . . . we experience, we feel, we begin to know . . .

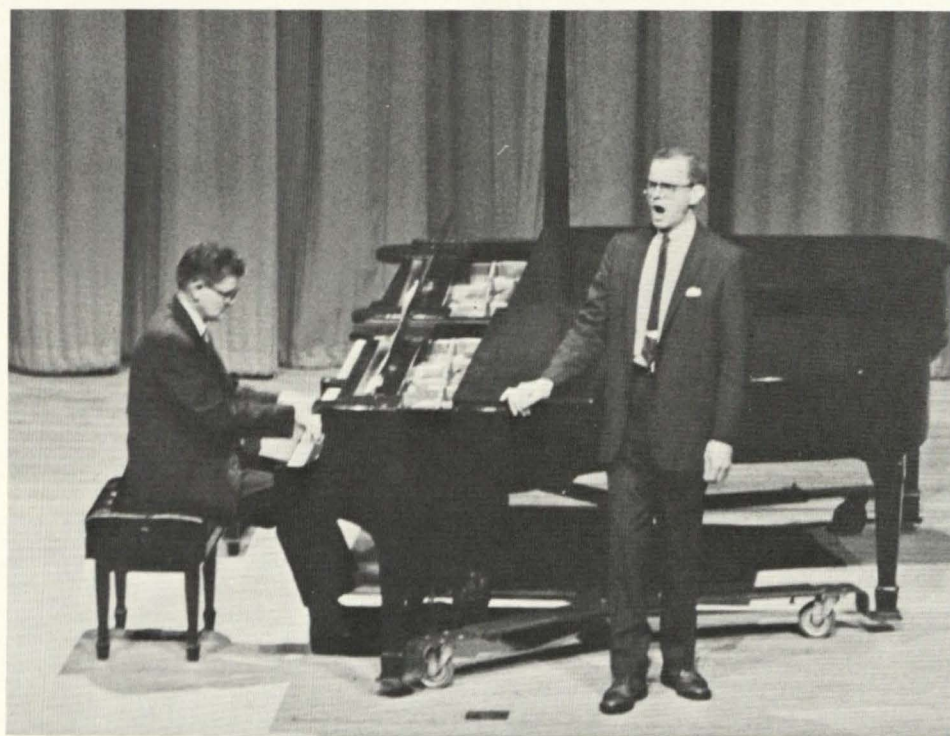

We appreciate, too, those who have been where we are now and can show to us the finest they can be . . . some grow and recognize—some remain lethargic and indifferent . . . suddenly we begin to see ourselves in a different way . . . we think . . .

Then in a carefree gaiety our campus magically changes . . . and we watch in awe the multitude of falling snowflakes . . . With mixed feelings we play and we laugh, some for an historic first time, some with a feeling of homesickness . . . and we experience curiosity, satisfaction . . . And we find a deeper meaning in our being, here . . . at this place. This is not just any spot on the map, any building, any class . . . this is our place our time . . .

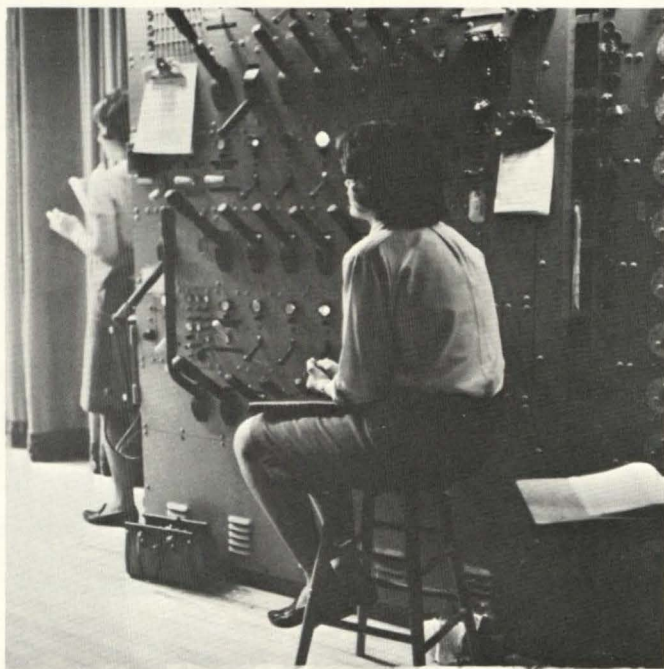

With traditions peculiar to "the oldest and best"  
 we fulfill our selves in many ways . . . with Stunt,  
 with an Honor Tradition, with a self-government  
 . . . we experience growth, curiosity, disillusion-  
 ment, dissatisfaction, knowledge, achievement . . .

As a college we are many, yet we are one . . .  
we explore . . . we communicate . . . we share . . .  
We know anguish  
    indecision  
    probing

We know joy  
    VITALITY

AFFIRMATION!

And from here we will go on  
    to live and to be . . .

Knowing that we were, that **we are**,  
    the Spirit That Is Wesleyan . . .

## A last word...

Gratias To . . .

Mr. Don Williams, of our Math Department, for so many pictures and on such short notice. But especially for his interest, enthusiasm, and cooperation, which helped more than he knows . . .

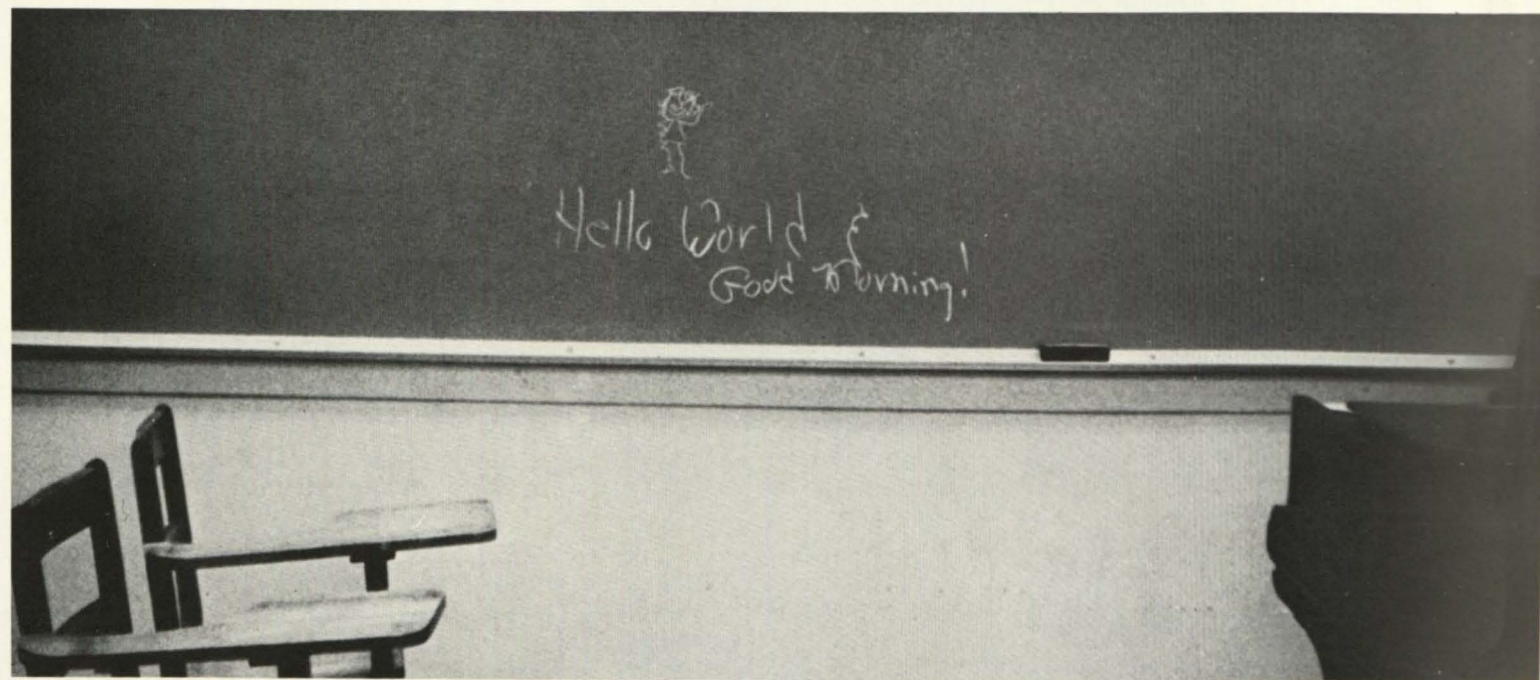

Foote and Davies — for another year of unexcelled service . . . and especially for last year's All-American book. Also Dick LoPachin, our representative, who helped so willingly . . . as well as Mickey McCay, who so ably handled the final stages of the production of the *Veterropt* 1967 . . .

Bern-Art Studios, for a new and different year with photography . . .

Those who helped when we needed them: Linda Rich for copy for faculty and features and honors; Emoryette McDonald, for help with copy and typing; Karen Smith for Senior division page copy; and Helen Cappleman for helping with layouts. And to Mrs. Rickles, who didn't fuss when we forgot our keys . . .

All the wonderful people of Wesleyan, whose book this is, who helped to make it theirs.

It has been a different year in innumerable ways—a year of mistakes and of learning, a year of discontent and of satisfaction. We had an All-American rating to live up to, and we found this challenge difficult at times. We had problems: mostly inexperience and a feeling of "not knowing how." We also had our share of uncooperativeness and unwillingness. But we found coupled with these a great deal of enthusiasm, interest, willingness to learn, and cooperation—often at the last minute—but done in the end. There is much that could be said—but it would all fill another 230 pages. Let it be enough to say that we saw our task as we saw it, we worked at it with the best tools we had available, and we did the best we knew how. Our prayer is that our best is good enough, and that you, through the 1967 *Veterropt*, can recall and see again in the years to come, that intangible and incomparable Spirit That Is Wesleyan—
